## **ANNUAL MONITORING FORM FOR ALL COSCA VALIDATED COURSES**

### **ANNUAL MONITORING PROCESS**

The information below is offered to help you to complete the Annual Monitoring Form (AMF).

It is a requirement of continued Validation that during the period of Full Validation, training providers complete the Annual Monitoring Form (AMF) and return it to COSCA by the 31<sup>st</sup> October each year. This proforma provides COSCA with a means to ensure that the standards achieved at the point of Full Validation are maintained during its entire period. It also gives training providers a valuable opportunity to monitor their own activities and outcomes and update COSCA on any changes to their courses.

The amount of the information supplied can be variable but it is essential that all parts of the proforma are complete for continued validation on an annual basis. The proforma will also be used by COSCA as an important basis of awarding revalidation on a 5 yearly basis.

COSCA will acknowledge receipt of the AMF once it has been received. The Development Officer will review the information provided on the form and if all is in order, the form will be processed and filed.

If, however, clarification of the information provided is required, or any part of it is missing, the Development Officer will contact the training provider to address this.

If the Development Officer considers that there are significant outstanding concerns about the content of the report following the above clarification, the AMF will be taken to the next Course Validation Panel meeting for discussion. If necessary, the training provider will be advised in writing of any additional information and/or clarification that is required, to be submitted within a set deadline. Once this has been received and approved, written confirmation will be sent out. If, however, satisfactory information is not received, the validation status of the course will be altered to Conditional Validation or withdrawn.

The Chief Executive of COSCA will inform applicants in writing of the outcome of the Panel's decision.
