

Volunteer Group Work Opportunities

SAFE SPACE

- Do you hold a certificate in counselling skills?
- Are you interested in developing your trauma-informed practice through group work?
- Are you keen to participate in free specialist trauma training?
- Are you available to co-facilitate up to 10- 2hr group sessions a year ?
- Are you available for monthly evening group supervision that runs from February to November?

Safe Space is a specialist agency in Dunfermline which offers both counselling and groupwork to people who have experienced sexual trauma in childhood.

We offer a free initial 4-day training, followed by ongoing group work training and free in-house training from external consultants, free group supervision, travel expenses, and a well-supported environment for volunteer group support workers who are accepted onto the team.

Training will be held on a Sunday from February through to October each year and will include a group placement at Safe Space.

We would be interested in applications from both males and females who would like to expand their knowledge and experience of trauma practice in a well established specialist agency.

To receive an application pack, please email nora@safe-space.co.uk or phone 01383 739084. Applications need to be received by 1st October 2019 for next years intake .
