

## **Freelance Trainer Opportunity**

The Scottish Alcohol Counselling Consortium [www.scotacc.org](http://www.scotacc.org) is a voluntary organisation which delivers training in alcohol counselling skills to volunteer counsellors and other workers based within our member organisations.

SACC is hoping to increase its pool of COSCA accredited trainers to work in a freelance capacity to deliver its COSCA validated 30 hour Counselling People Towards Behaviour Change course – probably once or twice a year. There may also be an opportunity to support delivery of the COSCA Counselling Skills Certificate for some of our member organisations.

We are looking for trainers who have some understanding or experience of working with alcohol or other addictions and are familiar with behaviour change approaches.

If you think you might be interested and would like to find out a bit more then please contact Vivienne Brown, SACC co-ordinator [vivienne.brown@scotacc.org](mailto:vivienne.brown@scotacc.org) to discuss.

Interested trainers would then be asked to an informal interview with members of the SACC Accreditation and Training Group.
