

Preferential rates on Professional Liability Insurance for members of COSCA

In today's litigious society your business is increasingly vulnerable to compensation claims from your customers and other members of the public. The consequences for a small business could be serious, with claims often running into thousands of pounds.

At Towergate Professional Risks, we specialise in providing professional liability insurance to protect your business in the event of such a claim.

The cover includes the following:

- **Public Liability** – This protects you against your liability to customers for injury or loss. For example, clients could trip and injure themselves whilst visiting your home or business premises.
- **Products Liability** – If as part of your job you sell or pass on any products to your customers, this section provides cover against any liability arising out of the use of these products.
- **Professional Indemnity** – This section applies to the advice you give to your clients, and protects you in the event of any errors or omissions on your part, which lead to loss or injury.
- **Libel and Slander** – You may write articles for trade journals or magazines, and this section of the policy also covers against any liability from this type of activity.

As a member of COSCA you are able to receive a specially negotiated discount on the cost of this policy. Please see below for ways in which you can take advantage of this offer.
